### 1. General Information

Contract prices are based on a percentage discount off the current manufacturers suggested retail price list (M.S.R.P.) indicated by date and description for each product within the Manufacturer's Product Line. Discounts for Power wheelchairs, Manual wheelchairs and Patient wheeled chairs, Discounts for Replacement Parts, for Scooters, for Seating and Positioning Products. Discounts are listed under each category heading for each manufacturer's product lines.

Standard wheelchairs as well as custom configurations can be created with the wheelchair parts and components listed on the dated manufacturers' price lists. Price lists will be posted on the P&C website in the near future but can be furnished by the Contractors upon requests.

#### **Medicaid/Medicare Member Benefits:**

**If a vendor does not comply with these requirements, the State agencies may choose any vendor on contract that excepts the Medicaid, Medicare rates.**

Any Contractors whom do not comply with these requirements should be reported to the NC Division of Purchase and Contract. The agencies should complete and submit the following Vendor Complaint Form:  
<http://www.ncpandc.gov/Documents/vendcom.pdf>

The majority of clients that are processed by the State are Medicaid and Medicare recipients. Therefore it is requested that all Agencies work directly with the contractors to process the required paperwork for these client benefits.

The Contractors on this contract have agreed to honor these following conditions:

- 1 If the client is eligible, the contractor will accept third party funding (Medicaid, Medicare, private Insurance or liberal funding) for payment of the product(s) purchased.
- 2 The Contractor will assist the eligible Client by processing the necessary paper work to obtain these client benefits (Medicaid, Medicare, private Insurance, etc.) for the product(s) purchased.

It is essential to the client as well as to the State for these assignments and benefits to be expedited by the contractor. This will reduce the total sales charged to the State and to limit the number of reimbursements made back to State.

### 2. Scope of Contract

This contract is intended to cover the State's normal requirements for Power and Manual Wheelchairs, Patient Wheeled Chairs, Replacement Parts, Seating and Positioning Products for use by all State Agencies, Departments, Institutions, Public School Units (Except Those Exempted By Statute) And Certain Non-State Agencies.

This is a mandatory statewide term contract. If a particular product is not available on this contract that is required to meet the medical needs of a patient, the product may be purchased on the open market. The existing agency delegation limits (normally \$10,000.00) and state purchasing regulations shall apply.

### 3. Taxes

Prices or Discounts shown herein do not include any North Carolina sales or use taxes.

### 4. Abnormal Quantities

Any agency requirement that exceeds \$75,000.00 must be forwarded to the Division of Purchase and Contract for processing. The Division, at its sole discretion, may process any such requirement in one of the following ways:

- a) Purchase may be authorized at the current level of pricing with the current contract vendor(s)
- b) Additional discounts from the current level of pricing may be negotiated with the current contract vendor(s)
- c) A separate Invitation for Bids may be issued for the requirement

### 5. Minimum Orders

There will be no minimum order.

### 6. Placement of Orders

Orders will be placed throughout the contract period on an as-needed basis for the quantity required at the time, and will be issued directly to the respective contractor(s) or their designated suppliers. Contract changes, if any, over the life of the contract are implemented by contract addenda released by the Contract Administrator to the contractor. If the contractor is accepting orders and/or delivering through other parties, for example a manufacturer accepting orders and delivering through a dealer network or dealers receiving orders through a network of other dealers, then it is the responsibility of the contractor to apprise such parties of all such contract addenda.

### 7. Delivery

**DELIVERY FOR STANDARD PRODUCTS:** Complete delivery within **14 consecutive calendar days** after receipt of purchase order. STANDARD PRODUCTS are defined as off the shelf products and accessories that require no custom modifications. For example: a standard wheelchair with available accessories that can be shipped with the chair.

**DELIVERY FOR CUSTOM ORDERS:** Complete delivery within **30 consecutive calendar days** after receipt of purchase order. CUSTOM ORDERS are defined as products or accessories that require custom modifications. For example: To build a custom wheelchair that has features or accessories to accommodate a client with special height, length and width requirements such as (custom back height, seat width, head and leg supports, molded cushions).

In the event the delivery is not received within the contract delivery period, the contractor may be held in default in accordance with paragraph 1, DEFAULT AND PERFORMANCE BOND in the North Carolina General Contract Terms and Conditions, and the state may procure the articles or services from other sources and hold the contractor responsible for excess cost occasioned thereby.

### 8. Transportation Charges

**All items are to be delivered FOB Destination, with all transportation charges reflected in the factored bid price.**

All products shall be furnished, delivered, to agency location, uncrating, assembling and set up, leave ready for agency use, and instruct personnel in the use of (if applicable). All deliveries shall be designated on subsequent purchase orders, which may call for delivery to either a loading dock or a designated inside location. If Delivery Instructions are not included on a P.O., loading dock delivery is acceptable. Delivery and set up are to be included in bid prices.

### 9. Manufacturer's Warranty

Bidder guarantees items offered to be new and free from any and all defects in material, packaging and workmanship and agrees to replace defective items promptly within ten (10) calendar days. These replacements, adjustments and corrective measures are to be at no charge to the State, for the manufacturer's standard warranty period but in no case for a period of less than 12 months from date of acceptance. Such replacement shall include parts, freight, labor, and round-trip travel to the user's site, which will all be the responsibility of the contractor.

## 10. Services

Service will include but will not be limited to: Assembly, repair and modifications to wheelchairs, adaptive equipment and accessories. Adequate and satisfactory availability of repair parts and supplies, and ability to meet service requirements are necessary. The State reserves the right to satisfy itself by inquiry or otherwise as to bidder's capabilities in this regard.

- A. Coordination between the Agencies and the contractor(s) are essential for the success of this contract. Failure to provide high quality service in a timely manner, as determined by The Division of Purchase & Contract, may result in the termination of the contract.
- B. The contractor is a factory authorized dealer and authorized to repair, service and sale the manufacturers' brands of equipment that were awarded through this contract. The contractor shall furnish a manufacturer's letter of support as an authorized dealer, if requested by the agency.
- C. Repair service will be initiated within 24 hours after notification by the end user or agency representative and respond via telephone to and end user's repair request within this time period. The contractor shall respond within this time frame with a plan of action or scheduled date to address the repair issue at the end user's site, if necessary. The scheduled date shall be within 48 hours of the phone call.
- D. The warranted repair work shall be completed within three (3) calendar days from the end user's service request. The repair provider in such a service request shall not void the manufacturer's warranty in any way.
- E. When the repair period will exceed the 3 day allowance. The contractor will provide a suitable loaner wheelchair that will temporarily accommodate the client's disabilities. The agency's evaluation team will approve the loaner as suitable for the client.  
Repairs to equipment still under warranty are not reimbursable under the contract and will included parts, labor, and travel. If the equipment can not be repair within three (3) calendar days after notification, similar or exact equipment.
- F. Warranty work is at no cost and the time frame for billable repairs is the same 24, 48 hours, and 3 days apply.

## 11. Contractor Repair Services

Repair service will be initiated within 48 hours after notification by the end user or agency representative.

The contractor shall respond via telephone to an end user's repair request(s) **within 48 hours** from the time that the end user has called in a repair request. The contractor shall respond within this time frame with a plan of action or scheduled date to address the repair issue at the end user's site, if necessary.

The warranted repair work shall be completed within ten (10) calendar days from the end user's service request. The repairs provided in such a service request shall not void the manufacturer's warranty in any way.

When the repair period will exceeds the 10-day allowance. The contractor will provide a suitable loaner wheelchair that will temporarily accommodate the client's disabilities. The agency's Evaluation Team will approve the loaner as suitable for the client.

<b>Service Charges</b>
\$50.00 Labor/Hour At Manufacturer Or Dealer Facility.
\$50.00 Labor/Hour On Site At State Agency.
Mileage: \$0.30 per mile.

## 12. Evaluations

### 1) Consultation:

Consultations will include but not be limited to: Client seating assessment, fittings and evaluations. Seating assessments may be for a new system or for modifications of a current wheelchair. Contractors will work with the agency personnel (evaluation teams) to perform a thorough seating assessment for the clients and to make recommendations for the most cost effective options to meet the needs of each client.

### 2) Evaluation Team Participation:

- A As requested or required by each agency making use of this contract. A thorough seating assessment to be completed on each client by an evaluation team consisting of the contractor, a Physical and /or Occupational Therapist, an Adaptive Equipment Specialist (may be the contractor or contractor's representative, if applicable), and a direct care representative from the agency sponsoring the purchase of the equipment. The evaluation team will provide a written recommendation for the most cost effective options (as agreed upon by the end user) for meeting the disability and medically-related goals/objectives specified as a result of the evaluation. Each recommendation will be reviewed by the PT/OT Director and/or the direct care representative from the sponsoring agency for approval prior to purchase of the equipment.
- B Contractor shall be required to have on staff, an ATS (Assistive Technology Supplier) or ATP (Assistive Technology Provider). The ATS/ATP must perform each evaluation and delivery of products provided, in any part, under the contract. The vendor may sub-contract with a seating clinic for the ATS/ATP service. The signature of the participating professional is required for each of the two visits.
- C Fittings will be performed and deliveries made as deemed appropriate by the using agencies.
- D The contractor must have the ability to provide custom molded seating should it be called for and pressure mapping. This may be sub-contracted, as long as ATS/ATP participants in the process.
- E The contractor will have a full-time Maintenance Technician that is qualified to work on all equipment bid and will maintain common repair parts in stock.
- F The State agencies that have an on-site Adaptive Equipment Clinic may have the capability to fabricate on site some components of a new seating system, and there may not be a sale each time the client is seen (as determined by the agency), based on the agencies current inventory, the clients needs, and internal ability to fabricate seating components.
- G The number of seating clinic evaluations may vary per agency and per visit. More clients may be seen per visit if evaluations are not for entire new systems, but rather for modification to current wheelchairs. As new systems come in, the number of evaluations may decrease to allow time for fittings and delivery of new equipment.
- H The contractors are required to work with State agencies that provide Outreach Services for their service area, either on an in-patient or out-patient basis. Services for Outreach clients will be of the same nature and scope. The agencies will purchase equipment for some clients. For others, the agencies will provide a recommendation to the client's program/care manager who will purchase the equipment on the open market. Outreach Services will vary in number per agency.
